

ICC Events - Sponsorship Opportunities

Arbitration day: Arbitration and Sport

Under the auspices of the **ICC Institute of World Business Law**

Paris, Roland Garros, 22 April 2010

Presentation

Resolving sports-related disputes through arbitration raises many questions.

- In what circumstances can arbitration be used?
- How is the Arbitral Tribunal constituted?
- What steps can be taken to ensure the independence of the arbitrators?
- What safeguards are available to ensure a fair hearing?
- To what extent is the final award enforceable?

Objective

These and other key issues will be addressed by professionals with particular experience of arbitrating disputes in sport. They include arbitrators listed with the Court of Arbitration for Sport and former members of tribunals constituted for individual sporting events, including the Olympic Games.

Who will attend?

Practicing lawyers, corporate counsel, arbitrators, mediators, academics and other practitioners interested and/or involved in sports-related disputes.
